EAGLE Certification Group, an accredited third-party certification body for GFSI and ISO standards, is sponsoring:

Developing and Implementing HACCP Plans and SQF Systems

HACCP Plans* Course—March 11-12, 2014—Daily 8AM-5PM CST

Introductory course providing training in developing a HACCP program for all types of processing facilities. All plant personnel who will be designated as “HACCP trained” under USDA regulations, such as plant management, quality assurance personnel, and supervisory staff will benefit from this course. This class follows CODEX and NACMCF Guidelines, is accredited by the International HACCP Alliance, and is designed to meet the core HACCP requirements of the Global Food Safety Initiative (GFSI) programs. The class includes an exam and certificate with seal from the International HACCP Alliance.

SQF Systems Course—March 13-14, 2014—Daily 8AM-5PM CST

Provided by an SQF licensed trainer, this course can prepare you to meet the SQF Practitioner requirements as defined in the SQF Code, Edition 7.1. ***SQF will release Edition 7.2 on March 3rd and this will be discussed in the class.*** It will provide a detailed knowledge base to participants for the successful implementation and maintenance of an SQF System. This course also applies to all sectors of the food industry including primary production through to distribution. The class ends with a practice exam to ensure you are prepared for the online exam (which is optional, but helpful). You will also receive a certificate of completion for the course.

COST: Each class is \$595.00 USD per person and includes lunch each day. ***Register for both and save \$90.00 for a total cost of \$1,100.00.*** A non-refundable deposit of \$150 is due at the time of registration. The remainder of the total is due on February 17, 2014. Any cancellation received after March 1, 2014, the full registration fee is non-refundable unless you transfer to a future class.
